

Hammad Mohammed Noor

Web Developer

 hm.morashid@gmail.com

 +966537364121

 Makkah, Saudi Arabia

 <https://github.com/7M-coder>

A dedicated web developer with a solid foundation in front-end and back-end technologies, specializing in JavaScript, PHP, React, and modern web frameworks. Experienced in developing user-friendly applications, collaborating with remote teams, and creating efficient automated solutions. Eager to contribute to a dynamic development team, with a focus on delivering impactful and scalable web solutions.

Work Experience

- ### Frontend Developer (part time)

Effah, Makkah | Present

 - Designed and built the admin dashboard user interface.
 - Developed and implemented all backend API functionalities, enabling seamless data exchange between the frontend and server for enhanced application performance.
- ### Secretary

Iithraa Group, Makkah | May 2024 – July 2024

 - Managed internal and external communications, drafting and responding to emails.
 - Developed Python-based automation solutions for handling large Excel files, streamlining processes for colleagues.
 - Created reports and presentations using Microsoft Word, Excel, and PowerPoint.
- ### Frontend Developer Intern

Safe Algorithm, Remote | June 2023 – August 2023

 - Designed and implemented the user interface for an e-commerce website using HTML, CSS, and React.
 - Collaborated with a distributed team, using Git and GitHub for version control and project management.
 - Practiced agile methodologies and participated in team-based development efforts.
- ### Supervisor

Service Office for Hajj Pilgrims from Niger and Africa, Makkah | (July 2018 – September 2018) - (July 2019 – September 2019)

 - Supervised the reception of pilgrims, ensuring the accuracy of data verification.
 - Acted as an English translator to assist with communication, improving the reception process.
